

Lecture series MGK 854 / EKFK 2020/2021

Online lectures are on **Tuesdays, 11:00 am - 12:30 pm** (**Zoom: link will be provided a week before or on demand**). The lectures will be in English and last approx. 60 - 75 min and are followed by ca. 15 - 30 min discussion. For questions please contact Leonora Kulikovskaja (leonora.kulikovskaja@med.ovgu.de).

Date	Lecturer	Title of Lecture
2020		
postponed	Lothar Jänsch (HZI, Braunschweig)	Molecular transport in immunity
20.10.20	Peter Müller (KHAE)	Inflammation, Clinical Symptoms and Search for Novel Therapies in JAK2-V617F Mutated Disease
postponed	Ildiko R. Dunay (IIN)	Innate Immune cells in brain homeostasis and neuroinflammation
15.12.20	Dirk Schlüter (MHH, Hannover)	Regulation of immune responses to pathogens by ubiquitous system
2021		
26.01.21	Nishanth Gopala (MHH, Hannover)	Cerebral malaria: Pathogenesis and immune response
23.02.21	Andreas Müller (IMKI)	Deciphering host-pathogen interaction dynamics using in vivo biosensory systems
23.03.21	Lothar Jänsch (HZI, Braunschweig)	Molecular transport in immunity
20.04.21	Berend Isermann (Uniklinikum Leipzig)	Novel insights into the regulation of sterile inflammation by coagulation proteases
18.05.21	Ulrich Thomas (LIN Magdeburg)	tba
15.06.21	Werner Zuschratter (LIN Magdeburg)	tba
13.07.21	Michael Naumann (IEIM)	NF-κB control by ub-like proteins
